

October Kindergarten Newsletter

Happy Autumn!

The weather has changed and it's getting cooler by the day. Please remember to send your child to school with a light coat or sweater. If your child doesn't know already, please **have them practice tying their shoes and zipping coats**. Cold weather is on its way and we want them to be prepared!

Reminders

Check Homework Folders every night. All notices must be sent back to school in a timely manner. All monies must be placed in a sealed and labeled envelope with your child's name, class, and what the money is for.

Please send healthy snacks for your child to school in a small labeled ziplock bag daily.

Reading Workshop

In Reading Workshop we will be reading emergent storybooks. These are books that we have been reading since the beginning of school. Because your child is so familiar with each story, they will practice "reading" them and acting them out!

Writing Workshop

In Writing Workshop, we will be looking closely at things we love; gathering information and writing All About Books!

Math

In math we are continuing our work comparing and ordering numbers from 0-5 and learning to read, write and count through 10. Please take any real world opportunity to help your child to count objects up to and including 10.

Social Studies

We will continue to study the theme of School and School Communities. We learn the symbols of citizenship, about community helpers, responsibilities at home and at school, and understanding the holidays of our nation.

Science

We are excited to be using a new science program! Children will have hands-on opportunities to explore the needs of plants and animals! Please ask them about what they are learning in science!
