Guide to Using Technology Safely

Dear Students of PS173Q,

As you embark on learning using a new vehicle of remote learning, please follow the rules below to keep your learning productive, and you safe. Google Classroom is exactly what it says – a classroom. Therefore, you will learn like you are in a real class with friends who can hear and see and read what you say and write. Also remember what you have put on your Class Charter to feel safe.

Rules and directions to follow when you are online:

1. Tell an adult before you get on the computer or visit a site you are not sure of.
2. Ask an adult to help you access the classroom or any site.
3. Work responsibly and never share you user address and password with anyone you don't know.
4. Be sure that your comments are accurate and respectful of your readers.
5. When in doubt, go to an adult.
