March 23, 2020

Dear Families of PS173Q,

As we enter a new phase of learning remotely, I want to again say how much my Staff and I appreciate your support for us and our children. This is a new undertaking that will be challenging at the onset, but we are in this together for our 950+ students. Please be assured that if you or your child(ren) encounter a problem or a glitch there is always help. Your classroom/program teachers are your first go-to if the question is about assignment. Here are additional contacts you can access for non-assignment questions:

- **Parent Coordinator:** jmendler@schools.nyc.gov for questions on student DOE accounts.
- **PTA President and Vice President via Konstella for questions on Konstella connection and/or School website:** www.ps173q.org

During the past three days my Staff has been hard at work “building” for remote learning with our children in mind first. Kindly support our students by being present for them, and in some cases with our youngest population, I ask that you be the guide on the side.

It is also important that we all stay connected for the latest updates from our Chancellor that will be posted on Konstella and our PTA website.

We are thinking of you, our PS173 families during this extraordinary time. Stay safe. Keep healthy.

Sincerely,
Molly Wang
Molly Wang
Principal

“We Grow Future Leaders”

We are diverse.
We are P.S.173Q
We are one.
